

# A7110Bt <sup>3075 CHU</sup> 100-102 Days

**Excellent Yield Potential Even in Tough Years**

## Hybrid Features

- Consistent yield and performance for maturity
- Produces high quality grain
- Excellent stalk and root strength
- Very good heat and drought stress tolerance

## Positioning/Management

Consistent performance across all environments. Excellent adaptability on highly productive soils. Excellent hybrid for high corn borer pressure areas. Pay close attention to growing conditions and crop stage with growth regulating herbicides.

Check with Pride Seeds for a list of competitors to position against.

## Hybrid Management Guidelines

**Mid Flowering:** 1260 GDU    **Black Layer:** 2310 GDU  
**Plant Height:** Medium    **Ear Angle Harvest:** Down  
**Ear Height:** Medium    **Ear Type:** Semi-Flex  
**Cob Colour:** Red    **Kernel Rows:** 16-18  
**Disease Tolerance:** Very Good  
**Corn Borer Tolerance:** YieldGard resistance to European corn borer  
**Harvest Population (000s per acre):** 27-30  
**Refuge Recommendation:** A6803
