

A7866RR 3275 CHU 108-110 Days

Yield Plus Roundup Ready Hybrid
with Strong Stalks and Roots

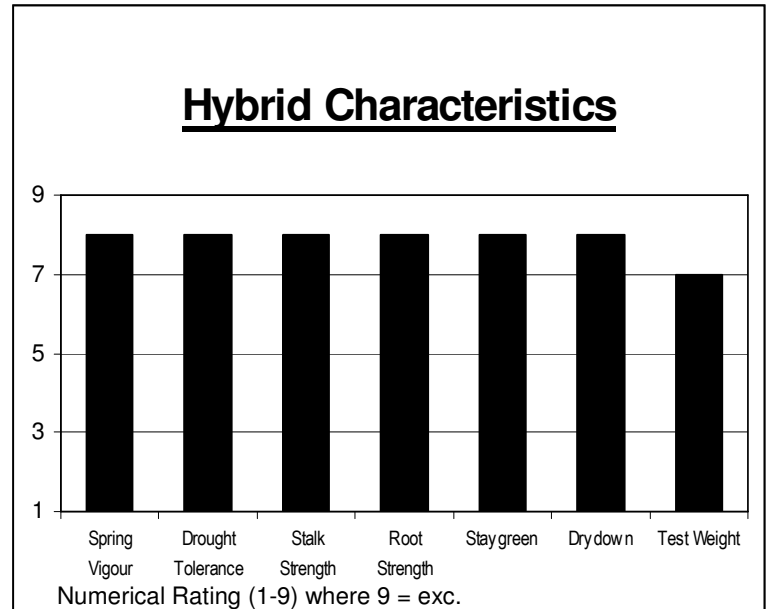

Hybrid Features

- Top end Roundup Ready hybrid with very good plant health
- Very good standability
- Very good drought tolerance
- Full season maturity for Ontario
- Great refuge or stand alone RR hybrid for A8168G3

Positioning/Management

A high performing Roundup Ready hybrid that works well across most soil types. Suited specifically for the later maturity areas of Southwest Ontario. A7866RR has very good stalks and roots to carry it through to harvest. Can be sprayed with Roundup Weather Max to maintain top weed and grass control throughout the season.

Check with Pride Seeds for a list of key competitors to position against.
