

PRIDE SEEDS

# GRAIN CORN

## A5222

NEW

### 2550 CHU

## Product Features

- Conventional version of A5225G2 for highly consistent yield with excellent drydown
- A medium-statured plant featuring consistent yield potential and strong agronomics
- This grain hybrid has open flared husks for enhanced drydown
- Rapid emergence and strong spring vigour allow for early planting
- Best performance with aggressive populations
- Medium/Short, blocky ear style

## Management Tips

Strong emergence and early vigour allow for early planting. Best performance with aggressive populations. Medium/Short blocky ear style. Position north of maturity rating. Excellent late season intactness with good Goss's Wilt tolerance.

## Agronomic Characteristics

Flowering	E
Mid Flowering GDU	1155
Black Layer (GDU)	2285
Emergence	G
Spring Vigour	G
Plant Height	M
Ear Height	Medium/Low
Stalk Strength	EXC
Root Strength	EXC
Staygreen	VG
Drought Tolerance	VG
Final Population (000s per acre)	30-34
Ear Type	F
Test Weight	VG
Drydown	EXC
Harvest Timing	Flexible
Goss's Wilt	EXC
Gibberella Ear Mould	2
Husk Coverage	Flared

**Ratings** EXC = Excellent VG = Very Good G = Good F = Fair

**Plant Height** S = Short M = Medium T = Tall V/T = Very Tall

**Flowering** E = Early E/A = Early Average A = Average L = Late

**Ear Type** F = Fixed SF = Semi-Flex FL = Flex
