

PRIDE SEEDS

Market Development Agronomist (North Shore Quebec)

PRIDE Seeds is currently seeking a dynamic and self-motivated individual to join our team as a Market Development Agronomist for North Shore Quebec

The successful candidate will be part of a winning team that is focused on delivering unique products, services and trusted agronomy support to help increase the yield and profitability of Canadian farmers.

Areas of responsibilities:

The successful candidate will work directly with the sales, marketing and product development teams with the education, agronomic support and positioning of PRIDE corn hybrids and soybean varieties. Will be the lead in providing agronomic support to our dealer network and growers in the region. Take an active role in developing sales by promoting our products and providing input on strategy, with a focus on product planning.

Education/Experience:

- Degree or diploma in agriculture or related background with three to five years or more of agronomy experience required and sales experience is an asset.
- Member ordre de Agronome de Quebec
- Excellent computer skills, able to deliver content in various settings (live, video, virtually, etc.)
- Able to build strong relationships, excellent at collaboration and working in a team environment.
- Must have a valid driver's license.

Salary/Benefits:

PRIDE Seeds offers a comprehensive salary and benefits program.

For immediate consideration, please forward your resume by December 1, 2021 in confidence to:
