

Summer Management Assistant Training Program

PRIDE SEEDS is currently seeking University/College students interested in hands-on agricultural experience for a period beginning the end of April until the end of August 2019. Positions are available in the Chatham-Kent and Kitchener/Waterloo areas as well as Perth/Huron/Bruce County.

Responsibilities will include working with PRIDE Seeds dealers in assigned areas, co-ordinating the establishment of seed plots, seed delivery, field signing and assisting the Regional Manager to ensure high level customer service. The successful candidates will be self-motivated, possess a strong agronomic background, a valid driver's license (record must meet company requirements), excellent communication skills and a professional manner.

Education/Experience:

Ideal candidate would be enrolled in a diploma/degree program in agriculture and have a strong interest in learning more about field crops.

Salary/Benefits:

PRIDE SEEDS offers a competitive hourly wage for this program. Vehicle is provided.

PRIDE SEEDS

PRIDE SEEDS is part of AgReliant Genetics which has one of the largest corn breeding programs in North America. Our business focuses on seed and is committed to providing top quality corn, soybean and forage varieties to growers through a dealer distribution system.
