

PRIDE SEEDS

Market Development Agronomist (Midwestern Ontario)

PRIDE Seeds is currently seeking a focused and self-motivated individual to join our dynamic team as a Market Development Agronomist in in midwestern Ontario. This is a one-year contract position to cover a maternity leave.

The successful candidate will become part of a winning team focused on delivering unique products, services, and trusted agronomy support to increase the yield and profitability of Canadian farmers.

Areas of responsibilities:

The successful candidate will work directly with the sales, marketing and agronomy teams with the promotion, agronomic support and positioning of PRIDE Seeds products.

- Assist with the management of plot trials throughout the full season – distribution, planting, observations, harvesting, and data collection
- Assist with grower product and agronomy training.
- Provide general knowledge of corn and soybeans regarding agronomy and product positioning.
- Lend service to the sales force as needed

Education/Experience:

- Degree or diploma in agriculture or related background
- Current CCA designation or commitment to achieving this designation is desired.
- Strong communicator, comfortable with doing interviews and presenting to large and small groups.
- Excellent computer skills, able to deliver content in various settings (live, video, virtually, etc.), able to collaborate and work in a team environment.
- Must have a valid driver's license.

Salary/Benefits:

PRIDE Seeds offers a competitive salary.

PRIDE Seeds is an equal opportunity employer, committed to fair and accessible employment practices in a workplace that is inclusive.

For immediate consideration, please forward your resume by November 20, 2021, in confidence to:
